

MURDERER OF PROSPECTORS IS NOW ON TRIAL

TO BE PRESENT AT PRELIMINARY MEETING OF FRANCISCO OHIAO.

Under Sheriff Vail Pittman and Lester Bell of the sheriff's office departed yesterday morning for Rhyolite, where they will be in attendance upon the preliminary hearing of Francisco Ohiao, who is charged with the murder of B. E. Nelson and Dick Stillwell, his partner, at Leland, Nevada, Wednesday morning last.

The case against Ohiao is said to be a strong one. He is charged with another of the murder of the two men above mentioned. He was placed under arrest at Amargosa Friday last by Deputy Sheriffs Lillard and Johnson of this county.

The crime has been traced to two Mexicans, of whom Ohiao is said to be one. They were followed to Amargosa by Lillard and Johnson, who had been in the town about an hour when the Mexican now in custody entered a general merchandise store for the purpose of purchasing provisions. The officers were in the store at the time and immediately placed the man under arrest. The other Mexican who is supposed to have been with Ohiao at the time of the murder is still at large and the officers believe him to be in the locality where Ohiao was captured. A sharp search is being made for the missing man and every effort will be made to bring him to answer for his part in the terrible deed.

Sheriff Owens states that the preliminary will not consume a great deal of time and that if the judge finds Ohiao guilty he will be brought to Tonopah, where he will have to answer before the grand jury.

SUNDAY'S GAME IS EASY FOR VOLUNTEERS

PALACE NINE PROVES EASY FOR THE VOLUNTEERS IN THE SUNDAY GAME.

Eleven to nothing is the story of the ball game Sunday afternoon last between the Palace nine and the Volunteers.

When Umpire Forrest called game there was a rather large crowd present to witness the afternoon's sport and who stayed long enough to see the Palace team get a drubbing that will hold them for some time to come. However, they proved good losers and promise that the next time the two teams meet there will be a different story to tell.

As far as anyone saw the boys wearing the uniform of the Palace club were never allowed to get further on the journey to home than the second station. It is even asserted that in getting that far they were favored by gifts at the hands of the Volunteers.

The major part of the glory of the day belong to Pitcher Seitz of the Volunteer, though in fairness it must be said that he was given that support which makes victory almost certain. Seitz is unquestionably the greatest pitcher that ever infested these parts, if indeed he is not the best who ever climbed the mound for a Nevada team.

The Volunteers have gotten together a strong, formidable team and it is doubtful whether or not there is a team in the whole state that can compare with them. In all likelihood, the victors of Sunday last will meet a team from the northern part of the state on Independence day and the people of Tonopah will have a chance to root for the home boys, who will, unless all signs fail, carry the colors of Tonopah to victory.

TONOPAH BOY APPOINTED.

Milan Davidovich has been appointed superintendent of the Wabuska Copper Mines company, and has assumed charge. Mr. Davidovich is a graduate of the Nevada state university and has had a twenty-years' experience, theoretical and practical, in the mining camps of Nevada, his last work being in Tonopah.—Yerington Times.

BOHANAN IS HERE.

William Bohanan, formerly of the Bonanza force and later with the Round Mountain Nugget, reached Tonopah yesterday afternoon, coming to this city from Ellendale, which latter camp he believes to be the best ever.

RECORDS BROUGHT FROM FORMER COUNTY SEAT

COUNTY COMMISSIONER HUMPHREYS ARRIVES WITH OLD RECORDS.

County Commissioner C. W. Humphreys arrived in Tonopah yesterday morning from Belmont. Accompanying Mr. Humphreys were the last of the records that have remained in the former county seat up to the present time. The records filled several boxes and will be used in a case before the district court that will be shortly tried and mention of which is made in another column.

Mr. Humphreys is one of the Pioneer residents of Nye county, having come here in the early sixties. He was a resident of Belmont in the good old days when that camp was in the heyday of its fame and wonderful production and when those that would look upon wine when it was red would have to pay therefore at the rate of 25c per glass. It was fitting, therefore, that one who saw the town in its best and its worst days should be selected to bring the last vestige of times that were to the camp where times are.

Old Belmont is fading away. The remnant that has lingered through the years following the decline of the camp, are not living in the present; they are dwelling in the past. Withal, they are firm in the belief that some day the old village will take on the airs of its former self. Let us all hope so.

Belmont is not without a history. Like the camps of other days it had its ups and downs. There dwelled within its confines as good a class of men as ever trod the footstool of God and as tough a bunch as ever drew a gun that barked. It was there that two men were hanged in the county jail one winter morning and whose blood stains still besmear the wall—mute evidences of a travesty upon justice.

The old court house still stands, but within its walls no more the stern hand of the law will mete out justice to the transgressor or the people gather to hear the will of the law.

Mr. Humphreys will return to Manhattan today, in which camp he has made his residence for the past few years.

TRY TO SECURE ATTRACTION ON JULY FOURTH

EFFORT BEING MADE TO SIGN UP TWO FIGHTERS FOR THE FOURTH.

An effort is now being made to secure a prizefight as an attraction for Independence day. Should the necessary arrangements be successfully consummated the fight fans of this city will witness Bobbie Lundy and Kid Krantz in a battle to the finish.

W. S. Johnson of the Casino Athletic club is at the head of the proposition to bring the two welterweights together. He states that he is at this time uncertain whether or not he will be able to sign up these men. He wants the proceeds to go toward some worthy charity and is taking the interest in the matter purely from a standpoint of one who wants to see the good old Fourth go off in a whirl of glory.

ARE OPENING UP PROPERTY AT GOLD REEF

GOLDFIELD ORE REDUCTION CO. HAS BEGUN WORK ON ITS ESTATE NEAR HERE.

The Goldfield Ore and Reduction company has begun active operations on its property, situated about seven miles south of this city.

Marvin Arnold, who is in charge for the Goldfield company, has been on the ground for the past several days superintending the installation of machinery consisting of a 25-horsepower hoist and a four-drill compressor, in addition to a gallews frame.

Operations at the present time will be confined to the Gold Seam claim, upon which a shaft will be sunk to a depth of 300 feet before drifting or crosscutting will begin. The ledge on the surface of the Gold Seam is strong and well defined, carrying average values of \$29 to the ton in gold. The company has every confidence in its estate, secured by purchase from Charles Keilhofer and others some time ago. It expects to open up a mine of no mean proportions.

The advent of the Goldfield Ore and Reduction company into Gold Reef means much for that district. The section has a great many admirers who are of the opinion that all that is needed is consistent development to bring it rapidly to the front and place it in the column of producers. Also, the success of the new owners means much for Tonopah as this camp is the seat of supplies for Gold Reef and the surrounding section.

MUSICIANS TAKE NOTICE.

Madame Griselda, a great dramatic soprano of international fame and world-wide reputation, has decided to remain in Tonopah during the summer and winter months and will accept a limited number of pupils for voice production and the art of singing. Only those who are willing to go in for a thorough study of breath control, consisting of the fundamental breathing exercises, which is the true and only Italian method, need make application, as no others will be considered. For interview, terms, etc., address Mrs. John Ward, Tonopah.

All applications must be made on or before June 30th.

MANHATTAN IS MAKING GOOD AS A PLACER CAMP

MANY PEOPLE TRYING TO SECURE A Foothold IN THE NORTHERN CAMP.

Arthur Raycraft of the Manhattan Dexter company was an arrival in Tonopah yesterday morning from the northern camp and reports Manhattan enjoying better times than for some time past. The recent placer discoveries has caused a new spirit to take hold of the people there with the result that important developments are being made which augur well for the future prospects of that camp.

Mr. Raycraft brings the information that the town is full of strangers, many of whom are placer miners of years of experience and that they are of the unanimous opinion that Manhattan will prove one of the largest placer producers in the country. Alaskans there declare that the prospects are as bright in Manhattan as they were in the early days of Uncle Sam's most northern possession. Many of these miners are trying to get hold of ground there, offering splendid inducements to secure a foothold in the camp.
